

REMARKS

Applicants' attorney thanks Examiner Neveen Abel Jalil for the courtesy of a telephone interview conducted today, April 22, 2005. As per the interview, this amendment under 37 CFR 1.312 is being made to correct minor mistakes in the wording of claims 27 and 53.

In method claim 27, the first element originally read "a metadata vector which represents ...", which is not a method step. The amendment changes the order of the words to -- representing with a metadata vector ... --.

Apparatus claim 53 originally read "The apparatus of Claim 22 wherein the processor further comprises: forming ...; controlling ...; and providing ...". The independent apparatus claim 22 recites "a memory coupled to the processor, programmed to perform the steps of: ...". Since it is the memory that performs the steps recited in the dependent claim 53, the amendment changes claim 53 to now read: -- The apparatus of Claim 22 wherein the memory steps further comprise: --.

Consideration of this amendment and correction of the error is respectfully requested.

AUTHORIZATIONS:

The Commissioner is hereby authorized to charge any fees or insufficient fees or credit any payment or overpayment associated with this application to Deposit Account No. 13-4503, Order No. 4208-4012US1.

Respectfully submitted,

MORGAN & FINNEGAN, L.L.P.
